

TECHNICAL FEATURES:

CE

New Ara 2001

- Diameter 1/2"
- Dimensions mm 50 x 132
- Flow l/min 35

New Ara 2002

- Diameter 3/4"
- Dimensions mm 60 x 135
- Flow l/min 60

New Ara 2003

- Diameter 1"
- Dimensions mm 60 x 142
- Flow l/min 95

New Ara 2004

- Diameter 1"1/4
- Dimensions mm 80 x 171
- Flow l/min 140

New Ara 2005

- Diameter 1"1/2
- Dimensions mm 80 x 171
- Flow l/min 150

New Ara 2006

- Diameter 2"
- Dimensions mm 80 x 171
- Flow l/min 220

- Constructed in chromed brass, worked with a numerical control lathe.
- The magnetic field (10.000 Gauss) is produced by natural permanent magnets.
- Tested with piston pump at a pressure of 30 ATM, with a temperature up to 150°C and an optimal velocity of 2 m/sec.

**Systems equipped with the NEW ARA
 are our best guarantee. Contact us
 without any obligation on your behalf !**
